15 July 2006

*Dear Sir or Madam:*

*Just a few lines to tell you how pleased I am with your product, which that I purchased five days ago. I can now hear, the taps running, washing machine timer, the clock ticking, but above all people speaking to me.*

*The service was also first class, from the first visit by your dispenser John Lloyd, he was back in a week with the hearing aid. His knowledge of the product and professional manner persuaded me to purchase your product. I would gladly recommend your product to other hard of hearing people.*

*Thank you once again*

*Yours sincerely,*
