S. S. Dooch.

Dear Mr. French,

I wish to compliment Be. Sound on the excellent Digital Hearing Aids which I have recently purchased but most especially for the professional and attentive service I have received from the initial enquiry, appointments, through to completion and after care.

Mr. John Day, your Aid Dispenser has been courteous, informative and shown a degree of attention and care, plus reliability that is highly commendable and a very positive representation of your Company.

I will have no hesitation in recommending your hearing solutions and service to anyone and would reiterate how pleased I am with the results.

Yours sincerely,

Elizabeth Hamp. (Mrs.)
